

Recommendation Report

Executive Summary

{ "title": "Top Preferred Products by Country: US vs. MX", "summary": "This report shows the top 3 preferred products and their delivery times from both US and MX based providers for the current project: Safety Tech Upgrade.", "recommendations": ["Consider increasing orders of the top preferred product, Brake Sensor from Metro Plastics Molding due to its short delivery time.", "Monitor delivery performance of Velocity Wiring & Cable for the EV Battery Module as they have a longer average delivery time compared to others.", "Evaluate potential cost savings by switching from Velocity Wiring & Cable for the ADAS Camera & Sensor Suite to Apex Auto Components, given their similar preferred status and shorter delivery time."], "chart": { "type": "bar", "labels": ["2025-09", "2025-09", "2025-09", "2025-08", "2025-08", "2025-08", "2025-08", "2025-07", "2025-07", "2025-07", "2025-07", "2025-06"], "values": [3591.0, 6783.0, 6104.0, 10086.0, 12200.0, 17171.0, 15000.0, 8183.0, 10000.0, 11418.0, 8710.0, 4975.0] } }

Recommendations

1. Consider increasing orders of the top preferred product, Brake Sensor from Metro Plastics Molding due to its short delivery time.
2. Monitor delivery performance of Velocity Wiring & Cable for the EV Battery Module as they have a longer average delivery time compared to others.
3. Evaluate potential cost savings by switching from Velocity Wiring & Cable for the ADAS Camera & Sensor Suite to Apex Auto Components, given their similar preferred status and shorter delivery time.
