Recommendations

1. Continue prioritizing purchases from Metro Plastics Molding, with the Brake Sensor as a priority due to its high rating (5) and shorter average delivery time (5 days).
2. Consider adding Velocity Wiring & Cable's EV Battery Module to the upcoming season due to its high rating (4), even though it has a longer delivery time (7 days).
3. Monitor Apex Auto Components' ADAS Camera & Sensor Suite closely, as it has a desirable rating (5), but a significantly longer average delivery time (10 days) that may impact inventory levels.
